

NOTICE OF SOLE SOURCE PROCUREMENT

Wasatch Integrated Waste Management District

Notice Number: 07092024

Date Posted: 07/09/24

The Utah Procurement Code provides that a procurement may be made without competition when there is only one source for the required supply or service. Therefore, a “sole source” procurement is justified if there is only one product or service that can reasonably meet the governmental entity’s need and there is only one vendor who can provide the product or service.

Wasatch Integrated Waste Management District is giving notification to make the following sole source procurement.

Proposed Sole Source Supplier: JT Falconry LLC

Product and/or service to be purchased: Seagull depredation using non-lethal falconry

Sole Source Justification: Unable to identify other suppliers of non-lethal falconry service, JT Falconry is the only falconry service that can be found within the State of Utah. The falconry service is part of Wasatch’s Seagull Depredation Program and is a preferable alternative to shooting birds. Various methods of depredation are necessary in reducing bird strikes at Hill Air Force Base.

If for any reason any party does not agree with the proposed sole source procurement, please email **Todd Quinley**, Purchasing Manager, at toddq@wiwmd.org.
