Subject: Notice of Intent to Withdraw from Wasatch Integrated Waste Management District

Dear Davis County Commissioners,

On behalf of the Layton City Council, we write to formally inform you of Layton City's intent to withdraw from the Wasatch Integrated Waste Management District. This decision follows a comprehensive evaluation of the City's needs and our ongoing relationship with the District.

The City Council has carefully evaluated the financial impact of remaining in the District and determined that doing so is no longer in the best interest of taxpayers. Withdrawing will lead to considerable cost savings, and as responsible stewards of public funds, we must pursue more economical waste management solutions. Additionally, the City seeks to govern itself and have the ability to shape its own future without being tied to other cities or a board that does not fully represent the City's individual needs and priorities.

Our desire is to work cooperatively with the District to ensure a smooth transition and to address any necessary administrative and operational matters associated with our departure.

Thank you for your cooperation and support. We look forward to maintaining a positive working relationship with you and the District as we move forward with this transition. We will follow-up with this Notice in the near future to discuss the withdrawal and transition. Should you have any questions or require further discussion, please feel free to contact Layton City Manager, Alex Jensen at ajensen@laytoncity.org.

Respectfully,

Mayor Joy Petro
